Clinchfield and Ohio Railway, which is being built from Dante, in Russell County, through the roughest of the border mountains to Elkhorn City, in Eastern Kentucky, the road will not be opened for traffic probably before next June. The long time required is due to the heavy tunnel work to be accomplished. A number of tunnels through stone are to be bored, and this work will require much time. The longest of these tunnels is 1,000 feet from end to end, and is probably the longest tunnel in the South.

## News of Petersburg

Times-Dispatch Bureau,  
5 Bollingbrook Street,  
Petersburg, Va., June 27.

#### The Democratic City Committee, Dr.

J. M. Burke, chairman, presiding, met last night to investigate an apparent error in the original returns of the Third Ward vote in the municipal primary of last week, the vote as between John B. Evans and H. E. Gill, for city sergeant, being in question. The original returns gave Evans 290 and Gill 220, a total of 510, or 100 more votes than were cast. This was discovered to be due to a clerical error in making up the book—220 votes being given to Gill in the total figures, and 120 being given in voting. The error was discovered and promptly corrected. The committee last night examined the election books and counted the vote for sergeant in Third Ward, finding it to be 291 for Evans and 119 for Gill—a total of 410, a majority of 172 for Evans. The original error had occurred in the recording of the vote—a purely accidental clerical error, and easily corrected. There was no intention of fraud, and no committee of irregularity or fraud, and none was shown.

#### CONGRESSIONAL TALK.

Representative Watson May Be Opposed by Turnbull.

Thus far ahead of the campaign of next year there is considerable talk as to the contest for Congress in this district, now represented by Judge Walter A. Watson. Political conditions in the district, and especially in this city, caused by the distribution of Federal patronage, are peculiar. These conditions were felt in the late municipal primary. They still exist, and may have influence in the congressional campaign of next year. Judge Watson and Robert Turnbull may again be opposing candidates, and in the meantime the names of other citizens are being discussed, but whether they are aspirants for the nomination is not known. If present conditions continue the next campaign for the congressional nomination in this district will be a lively one.

#### Taken Under Adversity.

In the Hastings Court to-day argument was heard by Judge Mullen in the civil cause of D. H. Burgess vs. Taylor & Ivey, involving \$1,500. The cause came upon a motion for judgment on the ground no plea, as required by the statute, had been filed, and that therefore the office judgment had become final. The court took the matter under advisement, and will render decision later.
